Nick Sumida, Jeremy Lawson : Regular Show Vol. 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Regular Show Vol. 2:

0 of 0 people found the following review helpful. good stuff, entertainingBy Michael W. OliverMy son loves reading this pulp. I find it amusing as well, though I have less free time than he does to enjoy it.0 of 0 people found the following review helpful. I think it would be a better experience. As it isBy Phillip-PDXI wish these Regular Show comics were on par with the Adventure Time comics. The inconsistent artwork is a real let down for me. If they could

keep with the style of the show, I think it would be a better experience. As it is, some of the art is pretty rough and it drags the story down. 0 of 0 people found the following review helpful. Completing my collection By MordicaiAndTheRigby's Great buy if you are buying any of the other volumes you can buy them all for less than in the comic book/book store on here with free shipping! Very satisfied

This collection is anything but regular! Thomas gets a chance to show off his management skills when Benson goes on a beach vacation...only things get out of hand when Park Avenue pays a visit! Mordecai and Rigby compete to take the worst selfie imaginable, which is all fun and games until Mordecai's scariest photo gets sent to every phone in the park! It's going to be a scary quest to the Dark Mainframe to destroy all the evidence...and these two are definitely not up to the task. Written by Nick Sumida (Spera) and drawn by the talented Allison Strelau, these are all-new adventures that can't be missed!
