**Tim Seeley : Revival, Vol. 1: You're Among Friends** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Revival, Vol. 1: You're Among Friends:

2 of 2 people found the following review helpful. Not as intense as I had hoped, but I'm intrigued! By Jessi In a small town in Wisconsin beloved friends and family members are coming back to life. But this isn't your typical zombie story they come back not as disgusting creatures, but as themselves. They still look human, have their memories, and can function. You'd never know they died. It's hard for people to accept the Revivals and things are being questioned.

The CDC steps in to try and crack the mystery and while this is all happening there's another twist that keeps you addicted. The story is nicely paced, the characters are evolving, and I'm unsure about it and yet hooked at the same time. I feel like there was a lot unfolding here and looking forward to volume 2 with hopes of some answers and to see where this is going. 1 of 1 people found the following review helpful. Okay, so I need the rest of the books now! By Melissa's Rambling I really wanted this book when I read about it and got to see a few pictures. After reading it I'm sort of confused about some stuff. But I really enjoyed it. So, this little town in Wisconsin all of the sudden has people rising from the dead. Some of them are all like, "where am I?" Others seem okay and then you get them home and they go all crazy ape on you! Then you have these demon or person white thing wandering around the forests spouting out names and trying to talk. I really want to know what's up with that thing. Dana Cypress is an officer and she's helping her father try to figure out what is going on along with the big wigs of course. And there is something freaky weird going on with her dead sister. Hmm, maybe it will all come out in later issues. Either way, I enjoyed it. There is some macabre things in the book and some mysteries that I want to know about. Now I just have to buy the other books to date and figure it out! And I love the graphics as well! 0 of 0 people found the following review helpful. There is something strange going on up in Wisconsin. By Desert Toyman One day, in a small town in Wisconsin, the dead came back to life. Officer Dana Cypress is the one assigned to investigate. When word of the "Revivers" gets out, the media descend on the small town of Wausau. Along with religious nuts, other crazies, and something...else. The "Revivers" aren't like your typical zombies. They come back with varying degrees of normalcy. Some a crazy and deranged. Some are so normal you wouldn't even believe anything was wrong. During the course of her investigation, officer Cypress discovers that her sister, Martha, is a Reviver. Exactly how she died and who killed her are part of the overall mystery of the book. From Dana's relationship with her dad, who also happens to be her boss, to the mystery of Martha's death, and the mystery of what exactly happened in Wausau Seeley has plenty of plot threads for you to follow. Not to mention the ghost-like apparition that is wandering the woods around town. The story is part horror, part mystery, and part drama. It's deftly weaved together by Seeley and capably illustrated by Mike Norton. If you are a fan of good comics, or good stories in general, then Revival is the book for you!

For one day in rural central Wisconsin, the dead came back to life. Now it's up to Officer Dana Cypress to deal with the media scrutiny, religious zealots, and government quarantine that has come with them. In a town where the living have to learn to deal with those who are supposed to be dead, Officer Cypress must solve a brutal murder, and everyone, alive or undead, is a suspect. The sell-out hit series created by New York Times Bestselling author Tim Seeley and Eisner-winning artist Mike Norton is collected with bonus material! Collects Revival #1-5, and the "Free Comic Book Day" short story.
