Tim Seeley : Revival Volume 3: A Faraway Place before purchasing it in order to gage whether or not it would be worth my time, and all praised Revival Volume 3: A Faraway Place:

0 of 0 people found the following review helpful. Extra Creepy VolumeBy TammyJo EckhartThis continues the story in the first two volumes in extra creepy ways that I can't get into without spoiling the story.While the revival of the dead in the area is turning some from god, others are turning to god even though science is suggesting an answer -- is this our doing by the misuse of technology?We also find that even in the households where the revived have been

welcomed back that there are deep, deep fears threatening family happiness. To top it all off we get insight into the creatures lurking about and what they may want and it may shock you, it did me and yet it made perfect sense. 1 of 1 people found the following review helpful. Nice spin By CoffeeCorgis This really is a great spin on the whole "zombie" genre. Art is detailed, color fitting, and story line that leaves me VERY hungry for more. 0 of 0 people found the following review helpful. Interesting story that never goes anywhere By AZS Good story, but frustrating because it doesn't actually go anywhere. There are so many storylines introduced, and NONE of them are resolved. (This is after reading the first 4 trades.)

For one day in rural central Wisconsin, the dead came back to life. Now the living and the recently returned struggle to maintain a sense of normalcy amidst political and religious conflicts. Officer Dana Cypress is hot on the trail of a man she believes may have murdered her sister Em, but Em herself is on a quest through the snowy woods to find the strange glowing creature that haunts a child.
