following review helpful. Artwork really good interesting alternate story of Robocop 2 By RAUL RAMIREZ Artwork really good interesting alternate story of Robocop 2, also quality of paperback really good, liked this story but liked the movie version a little better.

For the first time in years, fans will get the chance to see Robocop 2 as Frank Miller envisioned. This series adapts the famous, Frank Miller Robocop 2 screenplay into an epic 9-issue run full of malicious black humor, off-the-wall violence, and insanity! This book packs all the punches that fans craved from the sequel and so much more.
