Mike Allred, Kurt Busiek, John Cassaday, Darwyn Cooke, Mark Waid : Rocketeer Adventures Volume 1 (The Rocketeer) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rocketeer Adventures Volume 1 (The Rocketeer):

13 of 14 people found the following review helpful. a mixed bag but worth readingBy DiabolikAs a huge fan of both Dave Stevens and The Rocketeer, I earnestly ordered this because until IDW decided to publish it there were no Rocketeer comics except those by Stevens himself. I had hopes that it would continue his legacy well, and that maybe

I'd finally find out what happens after Betty walked into the Bulldog Cafe. The truth is that while Rocketeer Adventures does have some well-written and well-illustrated stories, it has some damn awful ones as well. Also, bad news for people hoping to see a continuation of Stevens' storyline, Rocketeer Adventures is an anthology series, and the only vignette that attempts to further the original story ("Home Again" by Michael Allred) is perhaps the worst story in there, and Allred obviously knows nothing about these characters. I mean, did he even read The Rocketeer? Nevertheless, as a die hard Rocketeer fan I still enjoyed reading through it, and as I said there are some gems in here. Although personally, if I had to do it over again, I'd have just leafed through it at my local comic book store instead of buying it.

0 of 0 people found the following review helpful. Five Stars
By James LaHerran Sr. GREAT art and writing!

6 of 8 people found the following review helpful. A great, retro flavored book that makes you smile
By Andrew
My first exposure to The Rocketeer came when I was a wee lad and saw the vastly underrated film. I didn't know at the time that it was based on a comic book series, but I discovered it through the Complete Rocketeer released a couple of years ago. This is a perfect companion to the original two adventures that Dave Stevens wrote and illustrated. Each short story in this anthology is a great throwback to the retro 30's and 40's and the high flying adventure stories that inspired The Rocketeer in the first place. I loved every story, every artist, the Alex Ross covers I drooled over, the wonderful hardcover design, and the bonus pinups in the back. Highly recommend to any fan of The Rocketeer or 30's retro flavored adventure stories.

Dave Stevens The Rocketeer was an instant hit the moment it hit the spinner rack in the early 1980s. Stevens lush and distinctive artwork and fun, action-driven story was inspired by the adventure pulp novels of the era The Rocketeer was set in. Stevens produced only two Rocketeer graphic novels collected to much acclaim by IDW and his life was tragically cut short when he succumbed to Hairy Cell Leukemia. Now, with the full cooperation of the Stevens estate, IDW is pleased to present new interpretations of The Rocketeer by some of today's finest talents. So, pull up a chair, sit down a while, and discover The Rocketeer all over again!
