Black and white art pages. I've been a fan of 2000AD since the early 80's but it's been a long time since I read any of their material. 2000AD Magazine and books are generally SO expensive compared to domestic comic books. So, it's wonderful to know there's a good value out there for 2000AD fans.Dave Gibbons is the big draw here, but his content is slight. Just the first few stories. He's one of the best living comic artists and the only one that could even come close to the greatness of Curt Swan. It's great to see him draw the early Rogue Trooper stories.Very recommended.0 of 0 people found the following review

helpful. If you love Judge Dredd or Strontium Dog you should add Rogue ...By DiceThrowerMore solid greatness from 2000ad. If you love Judge Dredd or Strontium Dog you should add Rogue Trooper to your line up.2 of 2 people found the following review helpful. Just like back in the day..By CustomerWhen I lived in England during middle school, reading 2000 AD (a weekly comic) was one of my favorite things to do. Rogue Trooper was my favorite strip (along with Judge Dredd). This collection of Rouge Trooper comics was a virtual time machine of fun.

Nu-Earth, a planet ravaged by war, its atmosphere poisoned by chemical weapons. In this battle-scarred landscape, the Norts and the Southers fight where only the Genetic Infantrymen can survive unaided. Rogue is one such soldier and these are his tales...Nu-Earth, a planet ravaged by war, its atmosphere poisoned by chemical weapons. In this battle-scarred landscape, the Norts and the Southers fight where only the Genetic Infantrymen can survive unaided. Rogue is one such soldier and these are his tales...When three members of his unit are shot on a mission, Rogue pulls the bio-chips from their bodies and inserts them into his gun, backpack and helmet. Thus equipped Rogue, and his wise-talking buddies, make the most fearsome unit on Nu-Earth.

About the AuthorDavid Gibbons is the artist behind the internation hit The Watchme amongst other titles. Gerry Finley-Day is one of the most prolific writers in 2000 ADs history, co-creating classics like Fiends of the Eastern Front and The V.C.s. Cam Kennedy is a hugely popular 2000 AD artist, having illustrated many Judge Dredd strips as well as Batman/Judge Dredd: Vendetta in Gotham and The V.C.s.Colin Wilson has worked on Judge Dredd and Tor Cyan, as well as his co-created series Rain Dogs, and Point Blank for DC/WildStorm.
