Rosario+VampireBy BobbyI started watching the anime of this series on Netflix, but I was seeing forums and blogs that the manga was much better so I started buying them. I just finished season one of the manga and they are definitely better than the anime. The books came in great, new condition, and I felt like I got a great deal for buying in bulk. I completely love this series though! I consider myself an

athletic non-anime or manga type because I play baseball for college and I am a country boy, but this has completely changed my view. This has gotten me into Spice and Wolf, Dragonaut, Blood+, and a few more. The thing is though, I have searched, and I do not like any others, so if anyone reads this bring it up to the author or production company that they need to step it up with episodes that follow the narrative better and start making some more seasons to give me some closure! I would recommend this to anyone of my friends with an open mind and to absolutely anyone that loves manga. 0 of 0 people found the following review helpful. Having watched - and liked - the anime By Daniel Montero Having watched - and liked - the anime, I decided to purchase one of the comics. Both follow the exact same storyline so far, but the comic, as any comic, are far shorter than the 20+ minute episodes. So far, the fan service has been less gratuitous on the comic (the anime's full of very explicit fan service), which is good, as it makes for a more light-hearted read. And the story itself is as silly and funny as I recall, just don't expect any major character development or profound themes. Depending on your taste for fan service, choose between the anime and the comic. Just don't skip on this if you feel like something light and easy to read/watch. 0 of 0 people found the following review helpful. **DON'T LET THE ANIME FOOL YOU!!!** By Kesamn This is a great story that includes a lot of the monsters that we all know and love in a high school setting. It is cute, funny, action packed and sexy but I implore anyone who has seen the anime and hated it **DON'T JUDGE THIS MANGA BY THE ANIME!!!** The story is stronger, the dialogue is better and the characters are far less annoying! The manga does not insult your intelligence but still provides an array of fan service to the benefit of the story instead of at the expense of it. Everything from epic beat downs, dramatic transformations, to steamy situations without the ridiculous over abundance of panty shots and idiotic banter. But that is not to imply that there aren't ANY panty shots. Story wise it is very well written and will always leave you wanting more. One of the most likable things about the manga is the consistent character development between each other and independently. It is one of my favorite manga and I can't wait for the volumes to come.

Tsukune's going to have one heck of a hickey when he gets home from Monster High! But does he have a chance in H E double hockey sticks of raising his grades at a school where the turf war isn't between the jocks and the nerds but the vampires and the werewolves? **LESSON ONE: VAMPIRES QUIZ 1 WHAT'S THE BEST COURSE OF ACTION WHEN A PERT CLASSMATE ATTEMPTS TO SNACK ON YOUR JUGULAR?** a. Run for your life and the sanctity of your soul b. Invite her out for a strawberry soda, heavy on the syrup c. Scream like a boy and hide in the principal's office d. Let her have a few sips while you check out her spectacular quadriceps
