One is surprised by the amount of interest one can work up Bobby, Del and Rathra. Harren's art is highly stylized and livingly. It fits the setting, and while a little bit tamer than someone like Sam Keith, Harren definitely seems to be having that level of fun with this project. The characters

definitely need to be fleshed out more, but the world creaks like its lived in. A good read1 of 1 people found the following review helpful. Great monster massacre stuffBy S. CurrieGreat monster massacre stuff, funny and fast paced. Graphic violence only if you are scared off by the image of something like Ren and Stimpy getting disemboweled, because that's about the style we are talking about here. Colorful and easy to get into.0 of 0 people found the following review helpful. Great fun, buy all three volumesBy mr loser82This work fully realizes the comic book format - buy it if you're a fan of graphic story telling. Let's all hope there's a volume four someday.
