Quick fun read that you will go back to reread for the beautifully rendered art.0 of 0 people found the following review helpful. Five StarsBy HaleyI still need to get the third one im so jazzed0 of 0 people found the following review helpful. wonderful storyBy TMTThe story and most of the art was magnificent in this book. The only reason I give it for is because some of the artwork seemed to lack effort of the rest of the work.

Picking up where the previous volume, *Rust: Visitor in the Field*, left off, after a second robot attack on the Taylor farm, Roman, Oswald, and Jet begin to seek answers to the mysteries of the past. Oswald becomes more and more suspicious of Jets connection to the robots, while Jet himself tries to connect with the flesh and blood family that has harbored him. Roman looks for comfort in his friendship with girl-next-door Jesse, but what he doesnt know is that a new evil may be looming on the horizon for his family. Will they be ready when it comes?
