Oversized, with good paper and truly amazing binding. This is definitely the way to collect Saga.On the other hand, let me warn customers. ships this book in its infamous cardboard folders with no protection whatsoever. And its quite a thick book that barely fits in the aforementioned cardboard folder, so every hit the box takes during the trip to your house is going to be absorbed by the book.Every single corner of the books cover and back cover, except for one, was dented and even coming apart. A real shame. I repeat, ships this book with no protection whatsoever, so be wary, especially if you do not reside in the US.2 of 2 people found the following review helpful. A Comic GemBy AKA SullySaga is by far one of my favorite graphic novels that I have ever come across. Writer Brian K. Vaughan never disappoints with the comics he releases over the years. Saga is most likely his biggest success to me. Writing is witty, charming and on point, as you can't help but become invested in the world and characters he creates. You will not regret this experience.0 of 0 people found the following review helpful. Amazing new series, one of the best series out right now in the comic book industry.By kim hurleyDo you love comics? Do you love a good Romeo and Juliet type love story? Do you love futuristic sci-fi? Do you love fantasy type books? Do you love bounty hunters and awesome space battles? Do you love civil war and action? Then read this!!! This series literally has everything in it. From an awesome new sci-fi world blended with elements of fantasy it stands out amongst all the current comic series right now. Brian K. Vaughan does a superb job here on this series. Everything about the stories happening in this book makes you never want to put it down. BUY THE COLLECTED EDITION!! It is worth it to buy this hardcover copy, it comes with so much and looks great on the shelf. This series is a MUST READ!!

Winner of the 2013 Hugo award for Best Graphic Story! When two soldiers from opposite sides of a never-ending galactic war fall in love, they risk everything to bring a fragile new life into a dangerous old universe. From New York Times bestselling writer Brian K. Vaughan (Y: The Last Man, Ex Machina) and critically acclaimed artist Fiona Staples (Mystery Society, North 40), Saga is the sweeping tale of one young family fighting to find their place in the worlds. Fantasy and science fiction are wed like never before in this sexy, subversive drama for adults. This specially priced volume collects the first six issues of the smash-hit series The Onion A.V. Club calls "the emotional epic Hollywood wishes it could make." Voted one of the top graphic novels of the year by the NYT, IGN, the Examiner, and SF Weekly. Voted Best Comic of the year by MTV Geek and Best New Series by Paradox Comics. Voted a finalist in the GoodReads Best GN of 2012 contest. Named one of Time Magazine's top 10 graphic novels for 2013

From Booklist*Starred * Vaughan, writer of the hugely successful Y: The Last Man, isnt one to think small. In this opener to his ambitious new series, bits of sf space opera and classic fantasy mesh in setting a sprawling stage for an intensely personal story of two lovers, cleverly narrated by their newborn daughter. Though recently soldiers from opposite sides of a massive intergalactic war, moth-winged Alana and ram-horned Marko simply want peace and anonymity to raise their daughter (an abomination to the powers that be) away from conflict and hatred. Vaughans whip-snap dialogue is as smart, cutting, and well timed as ever, and his characters are both familiar enough to acclimate easily to and deep enough to stay interested in as their relationships bend, break, and mend. While Vaughan will be the star power that attracts readers, do-it-all artist Staples is going to be the one who really wows them. Her character designs dish out some of the best aliens around, the immersive world-crafting is lushly detailed and deeply thought through, and the spacious layouts keep the focus squarely on the personal element, despite the chaotic cosmos they inhabit. Add another winner to Vaughans stable of consistently epic, fresh, and endearing stories. --Ian Chipman
