By 13-5 My copy of this manga arrived in perfect condition, which is just another reason to enjoy reading this great series. If you want to know how the series kicked off before the original anime, then pick this one up; for those of you of the younger generation, give this a read because believe it or not, the series didn't start with Sailor Moon Crystal. It's much more detailed than both the original anime and Crystal. This proves that looks can be deceiving...in a good way. 0 of 0

I'm not a huge fan of the art style or plot, but overall I guess it's just okay.0 of 0 people found the following review helpful. Loved it!By MarleenI had never read sailor moon as a child but I heard a lot about it. I just never got into it. Now that I am in my twenties, I just picked it up and read through the things so quickly. It's such an enjoyable series and an easy fun read. I recently got into reading manga, I'm more of a non fiction/comic book reader. I know it's an odd combination. But I'm really excited to read more manga's and this one was great. In this one, it introduces a new scout every so often and that made it a really fun first volume!

Usagi Tsukino is a normal girl until she meets up with Luna, a talking cat, who tells her that she is Sailor Moon. As Sailor Moon, Usagi must fight evils and enforce justice, in the name of the Moon and the mysterious Moon Princess. She meets other girls destined to be Sailor Senshi (Sailor Scouts), and together, they fight the forces of evil!This new edition of Sailor Moon will feature:- An entirely new, incredibly accurate translation!- Japanese-style, right-to-left reading!- New cover art never before seen in the U.S.!- The original Japanese character names!- Detailed translation notes!This version of Sailor Moon will be completely true to original. Join us as Sailor Moon returns to the U.S. for the first time in years!

"With its whimsical sense of fashion, thrilling adventure and complex backstory, Sailor Moon was like little else young girls had ever before seen on television, and miles above anything American animators were offering them. The anime led to interest in the manga, which in turn became the sort of success that made the bookstore market sit up and take notice. Scratch a modern-day manga fangirl, and you're likely to find someone who watched Sailor Moon when she was young." -The Comics JournalAbout the AuthorNaoko Takeuchi lives in Tokyo, Japan.
