The color pages are lovely, and it's nice to see the artwork not flipped for translation. (Though, most manga stopped doing this ages ago at this point anyway.) My only big problem, and I'm sure it isn't with every copy, is that pages 44 and 45 have a huge thick black line down them, which completely obscures much of the text and image. This is in the first part of the book, Act 17. I thought at first maybe it

was part of the story, so I dug out my Mix edition, and it wasn't present, and I even dug out my original Japanese release and it wasn't present. I guess I got the bad copy. This is the only thing I would say to watch out for! If you happen to buy the book somewhere else, in person, be sure to check first! I bought my copy from so I couldn't check. As always though, I have no issues with , everything comes at a great price, packaged perfectly and with good shipping speed.2 of 2 people found the following review helpful. JUPITER OAK EVOLUTIONBy CaraezyI love the new covers for these releases! I used to have all of the originals, but I passed those down to my little sister, and then my MOM decided that she was going to donate them to the library at the school she went to and THEN THEY TOOK THEM TO GOODWILL. MY PRECIOUS MANGAS.So, I recollect all of the new ones, and I love them. Plus, Jupiter is my homegirl. Great translation, only qualm I had was the last few pages of the final book, the original translation was much better.0 of 0 people found the following review helpful. Love these!By JDGorgeous artwork throughout, especially the color pages. Ends on a cliffhanger (they all do) so I'm so impatient for vol.5 to arrive in the mail.

A new group calling themselves Black Moon is after Usagi and the rest of the Sailor Guardians, wielding a new power known only as the Malefic Black Crystal. Chibi-Usa may be the key to it all, but to find the answers and rescue her kidnapped friends, Usagi will have to journey through time to the 30th century and discover what fate has in store. This new edition of Sailor Moon features: - An entirely new, incredibly accurate translation! - Japanese-style, right-to-left reading! - New cover art never before seen in the U.S.! - The original Japanese character names! - Detailed translation notes!
