The covers of the first and last volumes are my favorites. Sailor Moon was my first manga ever.... Thanks 1 of 1 people found the following review helpful. Great set! By W. Limpornpugdee I am an 11-year old girl whose mom got this set! Their funny expressions and unique designs were awesome when I saw them and I appreciated the author's hard work! And I understand Tuxedo Mask was

forced to find "The Legendary Silver Crystal". There's even Sailor Chibi Moon! I didn't even know she existed in the Sailor Moon series!0 of 0 people found the following review helpful. Finally was able to leave a short reviewBy neptuneI only have a few volumes of the pocket book edition and for a while I had wanted to buy the whole series. Then I heard that Kodansha was translating the series so I decided to buy the box set. I like that each volume has a few color pages and it also came with stickers.ProA few color pagesBigger than the pocket bookCheaper than buying the volumes individualConIt's harder to get the volumes out of the box and it's also harder to put them back in.Other than that, I really enjoy reading the first six volume.

Old friends and new enemies lurk in the mysteries surrounding Mugen Academe. The Death Busters crave the Hosts, the human energies, of Sailor Moon and her friends and they'll prey on the girls' dreams and weaknesses to get it! Furthermore, prophetic dreams hint of talismans that could awaken a Deity of Destruction. Could these things be connected to the guardians' power? And are the Sailor Senshi capable of murdering the innocent to save the entire world?This new edition of Sailor Moon features: - An entirely new, incredibly accurate translation! - Japanese-style, right-to-left reading! - New cover art never before seen in the U.S.! - The original Japanese character names! - Detailed translation notes!
