1 of 1 people found the following review helpful. Too cute childhood memories By Tiffany Fulton Perfect! My collection of the original Tokyopop manga is almost finished! The covers of the first and last volumes are my favorites. Sailor Moon was my first manga ever.... Thanks 1 of 1 people found the following review helpful. Great set! By W. Limpornpugdee I am an 11-year old girl whose mom got this set! Their funny expressions and unique designs were awesome when I saw them and I appreciated the author's hard work! And I understand Tuxedo Mask was

forced to find "The Legendary Silver Crystal". There's even Sailor Chibi Moon! I didn't even know she existed in the Sailor Moon series! 0 of 0 people found the following review helpful. Finally was able to leave a short review  
By neptuneI only have a few volumes of the pocket book edition and for a while I had wanted to buy the whole series. Then I heard that Kodansha was translating the series so I decided to buy the box set. I like that each volume has a few color pages and it also came with stickers.  
ProA few color pagesBigger than the pocket bookCheaper than buying the volumes individualConIt's harder to get the volumes out of the box and it's also harder to put them back in.  
Other than that, I really enjoy reading the first six volume.

In this first of two collections of short stories, we find our favorite Sailor Guardians and their friends encountering new mysteries, enemies, allies, and once more saving the day. After the daughter of a foreign diplomat transfers to her school, Chibi-Usa's male classmates suspiciously stop attending classes. Upon investigation, Chibi-Usa discovers the new transfer student is a vampire! Mamorus birthday gift to Chibi-Usa turns out to be the brainwashing device of a depressed folk tale heroine come-to-life, seeking sympathy from fellow women and girls! Chibi-Usa's Pink Sugar Heart Attack becomes literal when defeating a local sprite that has possessed the dentist she and Usagi visit to get their cavities treated. Then, other local sprites wreak havoc in the lives of Mako, Ami, and Rei as they and Mina and Usagi study for high school entrance exams. Finally, Chibi-Usa and her newfound BFFs help out the quirky proprietor of a mysterious pawnshop that is under attack by both human and otherworldly entities!
