**Mary M. Talbot : Sally Heathcote, Suffragette** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sally Heathcote, Suffragette:

4 of 4 people found the following review helpful. This illustrated novel will hit you in the gut. By averageanne My first illustrated novel which will remain forever in my memory. I read on my iPad because the Kindle did not offer such details. I new about the Struggle for Women to obtain the vote in England from a family friend who actually met one of the Suffragettes. However this novel tells the long timeline and the extremely painful shocking journey it was. This book should be required reading for all young women to read at school. I hope the Author will do another book following the Women's Suffrage movement in the USA 1 of 1 people found the following review helpful. A powerfully told story with surprises for American readers in particular. By bshound How do powerless people convince the

powerful to let them into the decision-making process? That question is of endless relevance. This decade it will have been 100 years since women got the vote in the US and Britain, and most people have no clue about how difficult a struggle it was to reach this milestone. In the US we don't think about suffragettes being force-fed in prison or setting fire to the homes of political antagonists, but those events occurred in England. This is not a simplistic comic book presentation of historic events. The characters are fully realized and nuanced. 0 of 0 people found the following review helpful. Three Stars By Customer Has an abrupt ending that left me feeling cheated.

A tale of loyalty, love, and courage, Sally Heathcote, Suffragette follows the fortunes of a common housemaid swept up in the feminist militancy of early 20th century Edwardian Britain. As the growing hunger for change grows within a culture of rigid social mores and class barriers, Sally and thousands like her rise up to break the bonds of oppression at the risk of ostracization and violence. Costa Award winners Mary and Bryan Talbot and acclaimed illustrator Kate Charlesworth have crafted a graphic novel of stunning depth, gripping drama, and lavish visual detail that brings history to life.

About the Author Dr Mary Talbot is the author of the graphic novel *Dotter of her Father's Eyes* (Dark Horse Books 2012), illustrated by her husband, award winning comic artist Bryan Talbot. She is an internationally acclaimed scholar who has published widely on language, gender and power, particularly in relation to media and consumer culture. *Dotter* is the first work she has undertaken in the graphic novel format. It went on to win the Costa Biography Award in January 2013. The author lives in Sunderland, UK.
