**Erik Larsen : Savage Dragon Archives Volume 2 (v. 2)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Savage Dragon Archives Volume 2 (v. 2):

Being an older reader, the black white pages and the paper really take me back to when comics weren't "over done". Can't wait to pick up volume 3.1 of 4 people found the following review helpful. Five StarsBy daniel waller jrok14 of 21 people found the following review helpful. BLACK AND WHITE!By

miamibriceNowhere in the product description does it state that this is a black and white paperback collection. If you don't mind missing out on the color, then I'd say this is a 4-star item...but (or the publisher) should notate in the product description that it is black and white only.

This volume kicks off with an all-out gang war in the streets of Chicago and builds to the destruction of the planet Earth itself! Dragon goes from cop to corpse and to hell and back. Featuring the birth of Dragon's son. The death and rebirth of Darklord and Dragon's ascension to the head of Special Operations Strikeforce. Guest-starring Spawn, Hellboy, the Maxx, the Teenage Mutant Ninja Turtles and God.Collects SAVAGE DRAGON #22-50
