not such a geek to follow closely who is the best writer of these series, but , there are absolutely better artists and writers.0 of 0 people found the following review helpful. Five StarsBy Julia D. ParsonsMy husband loves these... since he hasn't discarded them yet, I haven't read them.

After many journeys trading his feared sword arm for gold, Conan returns to the land of his birth, Cimmeria, only to find his family murdered and his sister enslaved by a ruthless rival clan. While the mighty slayer cannot bring back the dead, he can still mete out a terrible vengeance, but can even a warrior as skilled and merciless as Conan take on an entire clan whose treacherous hands hold a blade to his sister's throat?
