**Roy Thomas : Savage Sword of Conan Volume 22** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Savage Sword of Conan Volume 22:

1 of 1 people found the following review helpful. Book is OK By DP Glad this is the final book in the series. I have the original comics which included more art and material than these reprints but was glad to have a chance at a new collection to have and read some day. 3 star because of books not having all content as original magazine comic and the fact I was unable to get a copy from with no damage. 0 of 0 people found the following review helpful. In the steaming jungles of Darfar, Conan crosses paths with Valeria, a former pirate comrade as formidable as she is beautiful. When the mercenary band is fallen upon and captured by seemingly deathless Darfari warriors, there is only one way out for Conan and company- Conan must kill the moon!The final volume of Savage Sword of Conan features nearly 600 pages of Conan tales never-before collected and out of print for over twenty years!
