Jason Aaron : Scalped Deluxe Edition Book Four before purchasing it in order to gage whether or not it would be worth my time, and all praised Scalped Deluxe Edition Book Four:

0 of 0 people found the following review helpful. Has Modern Comic Writers Shaking in their TightsBy Tyler S.Scaped has ascended to my top five, since the release of this volume. This book is explosive and some mysteries are revealed. It's definately my favorite volume of the series, due to Aaron's ability to nail sadistic behavior and chilling crime drama. The quote on the front claims it's one of the best comics ever created, and there's nothing keeping me

from agreeing with that. There's two main reasons why I like this installment. The new character is by far the most complex and entertaining character Jason Aaron has written. This new-in-town psychopath spits a disgustingly realistic inner dialogue that had me clamoring. We all know that millions of crimes are motivated by sick sexual desire, and Jason Aaron isn't afraid to expand on that. He located his testicles and said, "Yea I'm going to take that leap of faith and write in this character, because he serves a purpose in this series." The lengths this book goes to makes Mark Millar look like Walt Disney. While I question whether Millar's creativity comes from the right place, Jason Aaron convinces me that his purpose is to weave a masterpiece, even if that means going to extremely dark places. O Yea! I forgot about the second reason for loving this book. Have you been plagued with questions during the first four volumes? A couple of those inquiries will be answered, in a huge way. I absolutely love the fact that the author gave away some big story spoilers, but he also left us wanting more and more. He is a true craftsman, and a genius at that. Buy it, share it, collect it, follow it, to the finish. I know I will. 0 of 0 people found the following review helpful. I love this series

By Bradley A. Ames This is one of my 3 favorite TPB series of all time. Just recently finished this along with Preacher and DMZ and none of the 3 will disappoint. Writing is top notch. Scalped in particular is amazing for the depth of emotion and nerves that it can strike. One section will have you cringing at the brutal violence and bloodshed while the next will leave you amazed at the tenderness that can be conveyed in this medium (The Old Couple's hard winter for example was extremely touching segment). 8 of 9 people found the following review helpful. Continuing excellence

By Manwich This is the best comic book being published today, or at least, I believe, the best one I have read. Being a cast made up of creator-owned characters, the stakes are real, and any fate can befall any member of it. This was made known in volume two. Another thing that makes Scalped great is that the characters talk very much like real people, or at least how I imagine real people would talk if living the lives of the characters within the context of the story. I always tell people that this is the one serialized story that I cannot miss, and I believe it. However, reading it in trade as I do, I really only understand my own stated love for this work every five to eight months, or however often it is that a new trade comes out. It is superb. Aaron has the single best approach to writing both chapters within a story arc and story arcs as chapters of the larger, overall work of any scribe in comics today. His pacing is unparalleled. I absolutely love how inevitable every twist seems as it is happening, and immediately after. This is because, despite the seeming predictability, I am squirming every panel of the way, heart racing, rooting for nearly every cast member to somehow come out on top, or at least alive. Some of them manage this. Also, Guera's art is really nice, though I didn't like it until volume two. I'm not positive, but my memory tells me that the coloring was not complementary early on. It may just be that I wasn't ready to like the art at first, though. Basically, if you like comics and are not offended by cursing, cartoon nudity, etc., you should be reading this series.

Celebrated writer Jason Aaron (Original Sin, Southern Bastards) and artist R.M. Gura (BATMAN ETERNAL, DJANGO UNCHAINED) turn up the heat on their epic chronicle of crime, sin and salvation. Undercover FBI agent Dashiell Bad Horse may not believe in God, but recent events suggest that some higher power is working overtime to keep him alive. In fact, after several well-placed needles and a few well-aimed bullets, he's better positioned than ever to take down the kingpin of the Prairie Rose Indian Reservation, Chief Lincoln Red Crow. But for all of Dash's good fortune, his mother is still dead, and her murderer is still at large. He's still strung out on heroin, and so is his unborn child's mother Red Crow's daughter. And now he's triggered the suspicions of the Chiefs' deadliest enforcer, Shunka, a man more than willing to employ violence in the service of both discovering and keeping secrets. SCALPED: THE DELUXE EDITION BOOK FOUR also features guest art by Davide Furn, Danijel Eelj and Jason Latour, and covers by Jock. Collects SCALPED #35-49.

"Aaron's reservation setting ... is perfect for a story of crime and family ... The world of the Prairie Rose Reservation is full of life thanks to the art of Gura ... His characters contain a certain amount of grace no matter how ugly the situations get." -Publishers Weekly, starred review

"Aaron's talent for dialog is complemented spectacularly by R.M. Gura's vivid pencil work." -Playboy

"Dark, beautiful and not for kids. Graphic storytelling at its best." -Damon Lindelof, co-creator of Lost

About the Author Jason Aaron is an Eisner and Harvey Award nominated comic book writer whose best-known work includes the Native American crime series Scalped for Vertigo and stints on series such as Star Wars, Ghost Rider, Punisher MAX, Wolverine, Incredible Hulk, Wolverine The X-Men, Thor and Avengers vs. X-Men, all for Marvel. Jason was born in Alabama but currently resides in Kansas City. He enjoys many things, but shaving is not one of them.
