**James Robinson : Scarlet Witch Vol. 1: Witches' Road** before purchasing it in order to gage whether or not it would be worth my time, and all praised Scarlet Witch Vol. 1: Witches' Road:

6 of 7 people found the following review helpful. Can't wait for volume 2! By All The Nerdy Things For the past few years I've really been trying hard to fall in love with some of Marvel's series again. When I was younger, i didn't have to search far at all, but now I'm much more of a DC comics fan. I just find the stories more relatable and the characters more endearing. I'm really glad I picked up Scarlet Witch, though. I've always loved her character and this volume

fleshes out a thrilling story. The story flows well and delves deep into Wanda's powers. It can be enjoyed by a long-time fan of the character or newbies. Typically I am not a fan of comic volumes that switch the art styles within the same volume because I find it a bit distracting, but for some reason it really works with this book. Plus, each style is beautifully done. I really hope they keep this series going!

By Customer  
I had a marvel unlimited, but wanted a hard copy because it was so well paneled.  
1 of 1 people found the following review helpful. Mediocre Writing, Beyond Amazing Art  
By Kemery D  
The story is a little sub-par coming right off of Mark Waids Daredevil series, but the art is fantastic. Absolutely breath taking. It took me probably twice as long to read it because I was just staring at the art

Witchcraft is broken - and the SCARLET WITCH is on a journey across the globe to fix it. From the back alleys of Manhattan, to the serene Greek Isles, to the bustling streets of Hong Kong, Wanda will have to face down her foes and find out who her true friends are. But as Wanda solves magical crimes and pieces witchcraft back together, the most important question remains: Who is the mastermind that broke it in the first place?
