Rob Schrab, Dan Harmon, Mondy Carter : Scud: The Whole Shebang before purchasing it in order to gage whether or not it would be worth my time, and all praised Scud: The Whole Shebang:

1 of 1 people found the following review helpful. The book is great, and hugeBy Alyssa OliverThe book is great, and huge, and I love it. It did arrive damaged, though, with a bent corner and a small tear toward the bottom of the spine. It's not a massive deal, but it still bums me out as this is going to be a gift.1 of 1 people found the following review helpful. Absolute FunBy hairyFeddaA fun story that doesn't take itself at all seriously, a classic comic for those who are

sick of reading the Big Two.1 of 1 people found the following review helpful. A blast of explosion and absurdity that needs no explanationBy CustomerIt's absurdest, fast paced, fun. It's a book that doesn't take itself seriously yet is still loyal to it's own set of rules within it's world. While image was infamous for it's 90s over muscular and gun toting heroes, this world is not trying to lure you with one dimensional characters pretending to be complex. Scud is not pretending to be anything but completely insane but also somewhat self preserving. A+ read, and a great package.

In the world of Scud, bullets are cheaper than human life. Corner vending machines provide any weapon you might need. The most popular weapons are Scud disposable assassins: Robot hitmen that self-destruct when they kill their target. This volume follows Scud 1373, assigned to take out a hideous female man-eater named Jeff. While fighting the indestructible Jeff, Scud discovers his infamous warning panel in a bathroom mirror. Realizing that to kill Jeff is to kill himself, Scud blows off her arms and legs and hospitalizes her. Her life support bills will have to be paid, and Scud will have to find more work to stay alive.
