**Robert Crumb : Self Loathing Comics #1** before purchasing it in order to gage whether or not it would be worth my time, and all praised Self Loathing Comics #1:

Guaranteed True FunBy TheseusI like later Crumb much more than early Crumb and this book is one of the reasons why.In this 1995 book from Fantagraphics, you get TWO Crumbs! R Crumb's self-loathing starts at one cover while spouse Aline Kominsky-Crumb's self loathing starts at the other cover.R Crumb's art has never looked better than it does here. Lots of tight little panels with incredibly tight and evocative pen and ink work broken up by a couple of splash pages.
