John Byrne, Howard Mackie, Michael Eury : Sensational She-Hulk by John Byrne: The Return (The Sensational She-Hulk) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sensational She-Hulk by John Byrne: The Return (The Sensational She-Hulk):

2 of 2 people found the following review helpful. You will definitely not be disappointed with this By David

Beckham You will definitely not be disappointed with this. it's \$30 new which is steep for a paperback collection of comic books, frankly, but the writing is really sharp and light and fun and the art is great cheesecake and brimming with joy and enthusiasm. 1 of 3 people found the following review helpful. Shulkie fans rejoice! By T Clark Sensational She-Hulk as only John Byrne could give us Nice to see a trade FINALLY! 1 of 1 people found the following review helpful. Sensation By theknight So, She-hulk. She's tall, green, and strong. That's what most people know. What they don't know is Jen Walters, She-hulk's actual name, is one of the most storied women in comics. She was created by Stan Lee, played a lead role in both the Avengers and Fantastic Four. Over this time, Shulkie evolved from a Hulk with boobs to being an original character. She liked being She-hulk. She enjoyed being a hero. Imagine, a Marvel hero without angst! She joked around. She was uninhibited and happy. Eventually this all lead into She-Hulk getting her own book, written and drawn by industry legend John Byrne. The book would be a comedy, with a further hook. She-Hulk would know she's in a comic book. Byrne stuck for 8 issues before leaving. This Volume contains his return. Byrne more or less retcons the prior issues the took place after he left. This means that you don't need to read anything other than his first arc to understand what's going on. The humor is a little dated, but funny. Basically She-hulk takes on the dregs of Marvels villains. There are some gems in here. Artistically its a Byrne book. He draws everything except the last issue where he draws framing sequences around a who's who of artists. If you like Byrne art you'll like the art in this.

John Byrne makes his sensational return to the series he started, and She-Hulk's adventures as a super hero who knows she's in a comic book get wilder and more hilarious than ever! Shulkie will face problems high and low as her signature writer/penciler pits her against Spragg the Living Hill and sends her on a puntastic Jenny to the Center of the Earth! But will she say "I do" to the Mole Man? She-Hulk will banter, bodyswap and battle as she tackles foes like the Black Talon and his Unliving X-Humed, and may end up wiped out of comic book continuity by the Living Eraser! But is She-Hulk's greatest nemesis Xemnu the Titan, or John Byrne himself?! COLLECTING: SENSATIONAL SHE-HULK 31-46, 48-50
