If you aren't a fan yet, you will be soon, so go ahead and buy it.0 of 0 people found the following review helpful. and fast before a more rabid fan accuses you of being a (BUN tyen-shung duh ee-DWAY-RO) or Stupid Inbred Stack of MeatBy GhostmonkeyIf you claim to be a fan of Firefly/Serenity and you have not checked out the stellar comic collections that complete the stories, you need to, and fast before a more rabid fan accuses you of being a (BUN tyen-shung duh ee-DWAY-RO) or Stupid Inbred Stack of Meat in the Firefly lexicon. But seriously, the artwork is consistently impressive, the stories are all Whedon (and a few friends) and the characters are those lovable rapscaollions we know and love oh-so-very-well. If you want to complete your Firefly experience, get these books, before the Alliance cracks down on them.0 of 0 people found the following review helpful. Browncoats Unite!By Kindle CustomerI came to the firefly verse after it was over and by way of my daughter who was raving about Castle. I thought I would check it out and instantly fell in love with that crazy cast and the story lines. I could not believe that this show was dropped! I bought the series and the movie but it wasn't enough...now I've got the comics and it still isn't enough. Someone tell me that a follow up series is in the works somewhere!!! Until then keep the comics coming!

Serenity: Better Days, from Joss Whedon and Brett Matthews, follows everyone's favorite space cowboys in an action-packed adventure where the crew takes on a heist that promises a big payoff. But when someone is taken captive, the gang must put aside their enduring differences and work together, at the risk of losing their cash prize.Joss Whedon is joined by a great roster of writers, including comedian Patton Oswalt, Dr. Horrible and The Shepherd's Tale cowriter Zack Whedon, and Jim Krueger (Avengers/Invaders), in this special expanded edition!This volume includes the miniseries Serenity: Better Days, the short stories "Serenity: The Other Half" and the previously uncollected "Serenity: Downtime," and the one-shot Serenity: Float Out.

From BooklistWhen Whedons beloved TV show Firefly was canceled, fans were left with a little spaceship-shaped hole in their hearts. This second entry in the Serenity comic-book series, which essentially presents new episodes in graphic format, should help mollify them. Whedons sensibility works well here, as primary hero/rogue Mal Reynolds and his crew balance snarky asides and verbal sparring with cloaked sentimentality and plenty of western-styled space-opera action. While most of the in-jokes, character quirks, and background references will only resonate with those already in the know, that is a pretty sizable and hungry population in its own right. Grades 9-12. --Ian ChipmanAbout the AuthorJoss Whedon was born in New York City in 1964. He started out as a staff writer for the 1990s sitcom Roseanneand worked on films, including Toy Story. In 1992 he penned the script for a film,Buffy the Vampire Slayer, andwhen the TV version starring Sarah Michelle Gellar took off in 1997, Whedon had his big breakwith its female action heroine, Buffy, became a huge hit. Whedon wrote hundreds of episodes for Buffy and its spin-off Angel, and was nominated for Emmy and Hugo awards for his work. Whedon has come to enjoy a cult following. The author lives in Santa Monica, California.Dave Stewart is a multiple Eisner Awardwinning colorist who works for Dark Horse, Marvel, and DC Comics. His credits include Iron Man: Enter the Mandarin, Daytripper, and Michael Chabon Presents The Amazing Adventures of the Escapist.Patton Oswalt is a comedian, actor, author, and screenwriter. Oswalt is perhaps best known as the voice of Remy the rat in the film,Ratatouille, but he also gained prominence during the '90s as one of the premier West Coast stand-up comedians. Oswalt's albums Feelin' Kinda Patton, Werewolves and Lollipops, and My Weakness Is Strong are staples of the genre. Oswalt has also been featured in TheKing of Queens, Big Fan, Young Adult, and The Goldbergs.Zack Whedon is a film director and writer for television and comic books. Whedon was educated at Wesleyan University. He began his TV writing career with the HBO show Deadwoodand has written and produced a number of other high-profile projects. In the comic book world, Whedon is known for his work on Serenity, The Terminator, and Dr. Horrible. He is the brother of Joss Whedon.
