The she hulk is like a green ally mcbeal. At least she's not working as a plucky journalist... She hulk still.seems to lose her clothing on a regular basis. And always a chance to

see minor league characters from the marvel universe.0 of 0 people found the following review helpful. It's just fun! Should be Disney/Marvel/ABC's next TV show.By Stephen J. SmayThe six issues contained in this book strike a wonderful balance between She-Hulk The Lawyer and She-Hulk The Super Hero. It's just plain fun.Jennifer/She-Hulk is written as more than just a one-dimensional punching machine: She is smart and self-deprecating with personal problems that are grounded and realistic without being the primary focus of the story so as to be mired in them. Jennifer, the supporting cast, and the tone of the book are engaging, quirky, and funny, and there are several moments where I actually laughed out loud.The reason I am giving 4 stars instead of 5 is because of the serious downturn of the artwork in issues 5 and 6. Books 1 through 4 are wonderfully drawn by Javier Pulido. His simple-clean style matches the tone of the story, and has the feel of classic Sunday funny pages. Starting in book 5, however, Ron Wimberly takes over artwork and I get the impression that Wimberly sees the world through a fish-eye lens: everything is distorted and weird with random objects and body parts being jagged, bulbous, extended or all three. It's sort of like Frank Miller, but worse. I'm not sure if it was a result of the artwork or mere coincidence, but I feel like the story took a downturn in those last two issues as well.Now, I am going to end on a high note. This incarnation of Jennifer Walters/She-Hulk should be Disney/Marvel/ABC's next television show. She is the quintessential millennial, without being annoyingly whiney and/or narcissistic. Although her powers could (and have) put her on the Avengers or Fantastic Four, ultimately and simply, her super power is super strength (and some measure of sex appeal). Her true charm stems from her intelligence and her humanity as a modern woman trying to make it. Issues 1 through 4 are your blueprint.1 of 1 people found the following review helpful. Fantastic read for fans of ShulkieBy RugaAh, my love for Shulkie knows no bounds. In this specific collection, our sweet little Shulkie is the perfect example of sass and smarts, and I really dig the way she's depicted here. Jen's not the typical superhero female and I feel like this is the type of comic that can be appreciated from all angles and by almost all people. The cast is primarily female, with cameos of our beloved Tony Stark and Matt Murdock. There's a lot of goofy humor in this book, and it's refreshing to see something so bright and brassy, rather than dark and gritty.I prefer the art by the first artist in the book, rather than the second, but both are aesthetically nice to look at. And Angie is a precious little angle.

Jennifer Walters is...the She-Hulk! A stalwart member of the Avengers and the FF, she's also a killer attorney with a pile of degrees and professional respect. But juggling cases and kicking bad guy butt is a little more complicated than she anticipated. With a new practice, a new paralegal and a mounting number of super villains she's racking up as personal enemies, She- Hulk might have bitten off more than she can chew! When Kristoff Vernard, the son of Victor von Doom seeks extradition, it's an international jailbreak, She-Hulk style! And She-Hulk and Hellcat must uncover the secrets of the Blue File - a conspiracy that touches the entire Marvel Universe! Someone important to She-Hulk is killed, and she won't let it stand...but who can she trust? She-Hulk takes on her most terrifying role yet: defendant!
