The site is a theme park designed to give the upper-class girls an idea of what commoner culture is like. The girls need coaching when placing orders at McDonald's or playing video games. Our sample commoner Kimito has been advising Aika in the ways of the everyday as she thinks that will be a path to popularity and here is her big chance. However, the people who built this park have some curious notions about commoner culture. The hamburgers are beyond anything that one would get at a real McDonald's and the violent video games have been reconfigured with proper young ladies in mind. It's a good, funny tale about culture shock and what happens when you get something you thought you wanted. I was a bit disappointed that Hakua was relegated to a cameo appearance; the school's resident prodigy is someone who makes Sheldon Cooper look streetwise by comparison (well, she did have a starring role in Volume 3). Overall, Shomin Sample may not be great but it is enjoyable watching Kimito and the girls, each fishes out of water, trying to understand each other. 1 of 1 people found the following review helpful. volume 4 has more gorgeous girls showing more fan service ...By IAN SAKURA 7volume 4 has more gorgeous girls showing more fan service than a manga ever has before. the story gets more interesting as kimito and the girls encounter even more challenges.

"Shomin Sample: ""I Was Abducted by an Elite All-Girls School as a Sample Commoner" is a harem comedy about a young man kidnapped to provide common-world experience to a school of sheltered rich girls. Deep in the forest-covered mountains is an all-girls school, attended by children from only the richest and most prestigious of families. Here, the girls are raised to be perfect young ladies, cut off from the real world to preserve their innocence and ensure that they're free from all distractions. This policy of isolation is a double-edged sword, however, for after graduation, students of the academy often struggle to adapt to a world that's totally different from their cloistered school life. To combat this inevitable culture shock, an average teenage boy, Kagurazaka Kimito, is kidnapped by the school to provide its students with knowledge of the outside world. Forced to enroll against his wishes, Kimito must now attend classes in a place where his very manhood relies on keeping the girls happy. Can one regular guy possibly survive in a fearsome, all-female student body?
