We start out with a tale of Eri, Kimito's voice actress girlfriend from the days before he found himself the sample commoner at a private school. Despite her

somewhat glamorous life, she misses him but her reasons make one think Kimito is probably better off where he is. Kimito gets the ladies of his circle interested in astrology and they get caught up in it, particularly with what the astrologers have to say about their romantic hopes. He spends some quality time with Karen and Hakua. We meet Karen's little sister Miyabi as well as Hakua's support staff, both of whom create interesting situations for Kimito. Finally, Reiko and her tea party group look at a forbidden text, feeling it would do Reiko good if she and Kimito marry and she has to become familiar with intimate matters. If you've ever looked at a book that often runs afoul of censors and has a hot reputation and found yourself thinking "you mean that's it?", you have an idea of what follows. Shomin Sample may not quite be the equal of Hana Kimi or Ouran High School Host Club, but it is a very fun and sometimes risqué private school comedy. 1 of 1 people found the following review helpful. ... Shomin Sample: I Was Abducted by an Elite All-Girls School as a Sample Commoner is a currently ongoing series about a young man kidnapped to provide common-world experience to a school of sheltered rich girls. The manga is adapted from a popular series of light novels and had an anime adaptation being streamed by Funimation. Seven Seas will be publishing Shomin Sample for the first time in print in North America as single volumes, each one with a colour insert. Deep in the forest-covered mountains is an all-girls school, attended by children from only the richest and most prestigious of families. Here, the girls are raised to be perfect young ladies, cut off from the real world to preserve their innocence and ensure that they're free from all distractions. This policy of isolation is a double-edged sword, however, for after graduation students of the academy often struggle to adapt to a world that's totally different from their cloistered school life. To combat this inevitable culture shock, an average teenage boy, Kagurazaka Kimito, is kidnapped by the school to provide its students with knowledge of the outside world. Forced to enroll against his wishes, Kimito must now attend classes in a place where his very manhood relies on keeping the girls happy. Can one regular guy possibly survive in a fearsome, all-female student body?
