This doesn't follow through like a normal comic book or graphic novel, which is its description, but is a chaotic explosion of awesome Johnny Ryan candid cartoons and drawings. Improvised genius.

by Johnny Ryan Ever wonder what Johnny Ryan does at his day job? Neither did we. But he locked himself in Kim Thompson's Mercedes and refused to come out unless this collection of drawings he did while on the job at a Seattle urological clinic was published. More graphic insight into a world of crudeness, the degree of which you haven't seen since the sixth grade! MATURE READERS bw, 80pg
