Fun and fantasy without the murder and mayhem common in today's DC New 52. Give me the Old DC. These are usually one or two issue self contained stories that can be read without concern for the ongoing details of continuity.Guests by the Who's Who of the DC Universe (at the time) including Super Girl, Power Girl, Green Lantern, The Flash, Wonder Woman and The Joker and many more!!From fun silly adventures to more well crafted, this is a great book to enjoy classic tales with good art.17 of 18 people found the following review helpful. More fun Pre-Crisis Superman team-upsBy BrandonThese stories were a bright spot during an otherwise dull era for the Superman comic family.This volume reprints DC Comics Presents 27-50 plus the first annual. Be aware the book is in black and white.Highlights include:A team-up with He-Man.The first appearance of the Global Guardians.Another installment of the ongoing fan desire to see Superman and Wonder Woman an item.A multipart Shazam! team-up.A tour-de-force, oversized annual featuring the earth-2 Superman and his wife, Lois Lane-Kent0 of 0 people found the following review helpful. Showcase Presents Superman teamups for the win!By Don RichardsGreat collection. I had most of these comics at one point, so it was nice to reread those and there were a few that I had missed. Some pretty good stories here. I had missed the Supergirl team up and the story with HeMan, so it was nice to read those for the first time. It doesn't bother me that these are black and white. I have bought quite a few of these Showcase Presents over the years. They are good bargains and if you like comics, you will like these. I recommend this one.

Superman battles for justice alongside DC's greatest heroes including Martian Manhunter, Supergirl, The Spectre, Black Canary, Robin, Wonder Woman, The Flash, Aquaman and many more in this massive, value-priced title.
