had to cleared were good for the creators because I really do like this book.5 of 5 people found the following review helpful. The original Hex stories are the best....By Prentiss L. PowellEven though I like the current crop of Hex tales DC is putting out these days, they do not hold a candle to the original artwork and story telling.....wish I had been a fan and collected the originals back in my college days.....If I had a complaint it would be the lack of color in this collection of re-prints, but you get what you pay for....well worth the purchase price for any fan of Jonah Hex!!!!0 of 0 people found the following review helpful. Bang!!By C.E. FarleyWhen people say this blows the newer stuff out of the water, they aren't kidding. This is the absolute best comic set in a western world, that I have ever read. Beautiful black and white artwork. As an artist myself, I prefer the bw. Lets me see just the inks and helps me to increase my skills, by observation. This and Unknown Soldier are fantastic.

The 1970s adventures of Western bounty hunter Jonah Hex continue in this new, value-priced Showcase edition collecting Jonah Hex #1-22 and Weird Western Tales #34-38.
