3 of 3 people found the following review helpful. Comics at it's best. By MachineI thought it couldn't get better then vol 1 of Unknown Soldier, but I was wrong. It gets better. Vol 2 is great. You must buy this trade. Thank you. 0 of 0 people found the following review helpful. no color By James Czwakiel Excellent stories, that bring back childhood

memories. However not in color. And I understand its much cheaper having all the stories bundled together, but I like all the extra stuff inside the comics themselves.....advertising and etc. Becomes a time capsule.3 of 3 people found the following review helpful. Great stories.By CustomerJust as good as volume 1. Great DC stories I didn't discover until these came out. These stories represent some of the best writing in the DC universe for this time period.

Assuming a wide variety of disguises to battle the Nazis in World War II, the Unknown Soldier plunges deep behind enemy lines in this massive SHOWCASE edition, collecting stories that have not been reprinted since they were first published in the 1970s.
