Joe Keatinge : Shutter, Vol. 1: Wanderlost TP before purchasing it in order to gage whether or not it would be worth my time, and all praised Shutter, Vol. 1: Wanderlost TP:

0 of 0 people found the following review helpful. Starts out well enoughBy M. BennettLoved the artwork of this book and the world that it is built around. Not sure about the story though. It kept dancing around a plot but nothing really happened. Just a lot of running from everyone and at the end of the book, you're still not sure exactly why they are running. You get an idea of what is going on and that is it. I will definitely get the 2nd volume to see if it goes anywhere.0 of 0 people found the following review helpful. Don't Pass Up This In The Works MasterpieceBy Benny24I usually only buy vintage comics, but this is by far the best modern comic series going on right now. The art is gorgeous, the story is riveting and don't get me started on the characters. I love this series and can't wait to read the rest. A must have for any comic lovers looking for a refreshing modern day comic that shines brilliantly in an over saturated market of half baked, poorly written/illustrated comics that could never hope to stand as tall as Shutter.0 of 0 people found the following review helpful. I want to see more of this...By Jim CrosbySolid story line and artwork-this is a story that I WANT to see more of. Who WAS her father? WHO was her mother and why do parts of her "family" want her dead? Just how many bizarre siblings does she really have,and how do they happen to be involved in major working of the universe?

Keatinge and Del Duca have created a contemporary world that teems with casual miracles and feels all the more real and lived in for it." - Booklist (Starred)The story by Keatinge is engaging to read, with a fully developed cast of well-rounded characters and settings that shift and incorporate fantastic elements in a dreamlike manner. del Duca's artwork keeps pace, portraying all these facets magnificently in each panel. - Library Journal (Starred)"Fun and vibrant, Shutter is a wild ride of a comic" -Entertainment Weekly"Del Duca's spiky, energetic style is addictive, and colorist Owen Gieni fills each spread with electricity. Every page seems to vibrate..." - NPRINDIANA JONES FOR THE 21st

CENTURY! Marvel Knights: Hulk and Glory writer Joe Keatinge teams up with artist extraordinaire Leila del Duca for her Image Comics debut in an all-new ongoing series combining the urban fantasy of Fables and the globe-spanning adventure of Y: The Last Man. Kate Kristopher, once the most famous explorer of an Earth far more fantastic than the one we know, is forced to return to the adventurous life she left behind when a family secret threatens to destroy everything she spent her life protecting. Collects Shutter #1-6.
