J. Michael Straczynski : Sidekick Volume 1 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sidekick Volume 1:

0 of 0 people found the following review helpful. The Sidekick Steps Up to Fall By Alex Phillips The last time I read a "fall from grace" superhero story was from my favorite graphic novel, "Astro City - The Tarnished Angel". DC Comics' "Rise and Fall" event for both Green Arrow and Arsenal... wasn't much the excitement I thought I was looking forward to. Then came J. Michael Straczynski's Sidekick, a story that really reflects the harsh treatment of a teenage

sidekick being ridicule from the media. I still question on the author's suggestion for superhero and super-villain names, but overall this graphic novel is perfect for anyone who wants to read the rise and fall of character going to dark side when betrayal is on the menu. 0 of 0 people found the following review helpful. How long would you continue to try to be the hero if everyone was constantly disrespectful to you? By Tsyroc If you liked the early parts of "Irredeemable" then I think you will like this. The main character certainly has good motivation and I liked the two characters pushing his buttons. Where it most reminded me of "Irredeemable" is how the public treated him after his partner was no longer in the picture. Talk about no respect and ungrateful. 1 of 2 people found the following review helpful. A great start, but will there be more? By J. J McCulloch Another great effort from JMS. I just hope we don't get the same jerk around treatment he gave us on The Twelve. I don't want to wait years before he finishes the story.

What happens when a hero's sidekick is abandoned by tragedy, mocked by the media, scorned by enemies and heroes alike...when his entire world is turned upside-down? Drawn by Julia Moonglow into investigating the death of the Red Cowl, Flyboy will discover things that will shatter his life completely as he uncovers a conspiracy of murder and terrible, life-changing secrets. Who was the Red Cowl, really, and what scared him so badly that he had to stage his own death in order to escape it? The debut volume of Sidekick contains the first six issues of this saga of grief, madness, and murder.
